

February 2012

This Month's Features Heroes are: Doctors and Nurses!

Monday	Tuesday	Wednesday	Thursday	Friday	
6 Doctors are very detail oriented. Use lots of detail while building a LEGO HOSPITAL .	7 Doctors and nurses are trained to find and count pulses. Find your pulse and record it resting and after some OBSTACLE COURSE ACTIVITIES!	8 Author's Workshop and Valentines for the Marines	9 FLIGHT SCHOOL TOUR 	10 An apple a day keeps the doctor away. Make some PLAY-DOUGH APPLES to take home!	Don't forget that we return at 5:30 pm on Thursdays from our Field Trips!
13 Doctors and nurses have to be quick thinkers. Use your quick thinking skills to SOLVE THE PUZZLES .	14  VALENTINES DAY PARTY! 3:30 – 4:30	15 Author's Workshop and Health Word Search	16 Guest Artist and Project 	17 Doctor's teach us ways to keep our bodies healthy. Use the magazines to make a HEALTHY FOOD COLLAGE .	
20 School Out Camp Day Relay Races and Alpaca Farm (tentative)	21 Doctors look at a lot of human skeletons. Look at the picture of the human body, how many bones can you count? COLOR THE SKELETONS!	22 Author's Workshop and Picture Search Puzzles	23 YPLC Book Buddies and Frozen Yogurt Creations 	24 Doctors and nurses carry a lot of supplies around. MAKE AND ORIGAMI TOTE BAG .	Look forward to Spring Break Camp next month! Also, FunCamp and TeenCamp schedules will be out soon! SIGN UP EARLY!
27 Doctors and Nurses have to have steady hands when performing procedures. See how steady your hands are by building a block tower – How high can you stack it?	28 When you are sick, doctors tell you eating J-E-L-L-O is good for you. Look at the different stages of making Jello and discuss what is happening.	29 Author's Workshop and Riddles	1 Bowling at Chippers Lanes 	2 Zookeepers are in charge of many different animals. MAKE AN ANIMAL to take care of
